Friday - 17 October 1958

1. Called Mr. Warren A. McNeill, Administrative Assistant to Senator A. Willis Robertson (D., Va.), concerning the Senator's trip to India to attend the New Delhi International Bank and Monetary Fund Conference. The Senator is expected to arrive in New York today and will go immediately to Richmond for a speaking engagement. Mr. McNeill was advised that if Senator Robertson had any impressions or information gained from his trip which he thought would be of interest to us we would be pleased to pay him a visit at his convenience. (The Senator has indicated an interest in certain aspects of our new building. If a debriefing is arranged, the DD/S or Mr. Lloyd may wish to attend.) Mr. McNeill said he would advise the Senator of our conversation and would contact us if the Senator had information to pass on.

50X1 2. Mr. Robert McManns on the staff of the Senate Internal Security Subcommittee called and asked for responses to any statements made by high ranking Communists in the period 1954 and 1955 to the effect that the Chicoms intended to ultimately acquire Formosa as well as Quemoy and Matsu. [redacted] is working on this.
